

Mid-Hackathon Change Request

Content Intelligence Platform

Release: 2.5 hours after Hackathon commencement

Remaining Time: Approximately 2 hours

New Requirement: AI-Based Content Transformation

The platform must now transform the same source content into multiple formats.

Required Outputs

From one source content, generate:

1. **Short Summary**
2. **FAQ**
3. **Social Media Post**

Required Behaviour

Each generated output should:

- Be displayed separately.
- Be editable by the user.
- Be saveable independently.

Example

Source:

A company announcement of approximately 500 words.

Expected outputs:

Summary: Concise overview.

FAQ: Relevant questions and answers.

Social Media Post: Short, engaging version suitable for social media.

Evaluation Focus

- AI integration
- Prompt/design quality
- Preservation of source context
- Output usability
- Edit/save workflow
